

MAHMOUD MOHAMED LOTFY

Business Operations Lead | P&L Management | Operational Scaling & Revenue Growth

Alexandria, Egypt | Open to: Greater Cairo, Sharkia • +20 155 816 6440 • m.m.lotfy.88@gmail.com • linkedin.com/in/mmlotfy

PROFESSIONAL SUMMARY

Executive Business Operations Lead with 15+ years of cross-sector leadership spanning healthcare operations, enterprise software, FMCG manufacturing, and commercial services. Combines financial acumen, operational execution, people management, and digital transformation. Delivered +56.3% year-over-year net profitability growth (EGP 2,978,995 net profit in H1 2025), +65.5% revenue expansion, 250% Return on Marketing Investment (ROMI), and identified EGP 2.5M+ in recoverable lost revenue. Absorbed 70%+ operational cost inflation while protecting margins through rigorous cost reduction and workflow restructuring. Built 4 custom enterprise software platforms (~3,570 development hours functioning as an internal ERP system) on zero external software budget. Provided people management and administrative oversight for approximately 45 personnel. Proven record in advanced data analysis, operational scaling, commercial strategy, and transforming underperforming administrative structures into high-margin, institutionalized operations across multiple sectors including healthcare, FMCG manufacturing, telecom, enterprise software, and commercial services.

KEY ACHIEVEMENTS

- Delivered **+56.3%** year-over-year net profit growth (H1 2025 vs. H1 2024), reaching **EGP 2,978,995** net profit and **+37.0%** 3-year revenue CAGR
- Expanded revenue by **+65.5%** (H1 2025 vs. H1 2024) by scaling case volume (**+27.1%**) and optimizing average revenue per procedure (**+30.2%**)
- Operated across the complete Business Value Chain: connecting clinical procedure demand to procurement forecasting, inventory staging, revenue cycle execution, and bottom-line margin expansion
- Achieved **+50%** volume growth in high-margin Private category procedures through targeted physician relationship management
- Generated **250% Return on Marketing Investment** (ROMI) on structured physician engagement initiatives
- Identified and structured business cases to capture **EGP 2.5M+** in lost-revenue opportunities from waitlist backlogs and unutilized room capacity
- Restructured billing and collections workflows, cutting outstanding accounts receivable balances by **20–30%** within defined SLAs
- Maintained **100% operational readiness**, **zero supply disruptions**, and zero unplanned equipment shutdowns across **30+ consecutive months**
- Built physician volume tracking system, achieving a **65% physician sustainability ratio** (>20% annual volume growth) and mitigating concentration risk
- Designed and coded **4 internal software systems** (~3,570 development hours) on **zero external software budget**: Cash Management, Inventory, Medical Reports, and Nursing KPIs
- Successfully absorbed **70%+** operational cost inflation (unit expenditure **+69.9%**) while keeping quarterly operating expenses strictly below budget

PROFESSIONAL EXPERIENCE

Healthcare Operations and Supply Chain Lead | Cath Lab

January 2023 – April 2026

Al-Obour Hospital - Zagazig, Egypt

Led full operational, financial, and administrative management of the Cardiac Catheterization Unit processing 90–140 complex procedures per month. Accountable for full P&L performance, commercial growth, team leadership, and institutional governance.

- Directed daily operations across **90–140 procedures** per month with **~100% case readiness, zero critical delays**, and zero procedure cancellations
- Led people management, daily huddles, and weekly KPI reviews for a cross-functional team of **5–10 staff** with administrative oversight of approximately 45 unit personnel
- Conducted advanced data analysis, financial variance modeling, and capacity utilization analytics to drive continuous margin improvement
- Owned complete departmental P&L, tracking weekly expenses against budget and delivering systematic cost reduction while growing profitability **+56.3%**
- Designed and built 4 custom enterprise software systems (~3,570 total development hours) on **zero external software budget** (Cash Management, Medical Reports, Online Inventory, and Nursing KPIs) serving as an integrated ERP platform
- Restructured end-to-end revenue cycle: overhauled billing follow-up, streamlined insurance claims, and instituted weekly collection reviews to reduce outstanding balances by **20–30%**
- Optimized case-mix economics: drove **+50%** growth in high-value Private cases while increasing average revenue per case by **+30.2%**
- Built physician-level economics tracking model to mitigate concentration risk, establishing a sustainability framework where 65% of physicians achieved >20% annual growth
- Designed and launched targeted physician referral engagement strategy, generating a **250% Return on Marketing Investment (ROMI)**
- Quantified and presented business cases unlocking **EGP 2.5M+** in lost-revenue opportunities from scheduling backlogs and capacity underutilization
- Instituted strict governance reforms: restructured recovery room custody controls and deployed in-OR emergency supply carts to eliminate leakage and procedural interruptions
- Scheduled preventive maintenance for critical assets and negotiated a **1 Hour MAX** emergency response SLA with key imaging vendor, sustaining 100% uptime

Accountant & Unit Coordinator | Cardiac Catheterization Unit

October 2019 – January 2023

Al-Obour Hospital - Zagazig, Egypt

Managed Cath Lab front-desk admissions, patient intake ticketing, billing, point-of-service cash collections, and unit treasury. Coordinated consultant procedure scheduling and inter-departmental patient flow with CCU and Operating Theatres, auditing vendor invoices prior to promotion to Operations Lead.

Customer Care Manager

September 2018 – July 2019

ClinPrime - Healthcare Software

- Directed operational onboarding, client management, and SLA escalation tracking for **30+ hospital clients**
- Analyzed resolution bottlenecks to cut ticket resolution time from **48 hours to 24 hours** within 6 months

Stores & Factory Manager

2016 – 2017

Verona Sweets Factory

- Managed factory warehouse, raw material replenishment, and production inventory in an FMCG manufacturing facility
- Coordinated inbound raw material logistics, scheduled production supply using MRP principles, and cut material waste
